Changes for 2015

After evaluating foot flow, and what worked well for the hotel, and what did not, for 2015, ConFuzzled will no longer have use of the Millers bar.

To compensate, and to better locate the cash catering service point, ConFuzzled will now be utilizing the Library. This room is situated immediately off of the main lobby.

The Library will serve as overflow to the main bar, offering additional seating and service points both for food and drinks.
